**The THROW ON & GO DRESS**

Say hello to relaxed summer styling with a simple cotton A-line dress. Loose and flowing, this is a great shape to wear when the temperatures rise, and is the easiest option for dressing up your downtime. Sporty-style sandals finish the look and ensure optimum comfort when you're out and about.

**Dress:** £29.99, size 10-14 | **Headband:** £3.50 | **Sandals:** £12.99, size 36-42 | **Caroline:** 01753 344 444

**The HOLIDAY COVER-UP**

A short-sleeve jumpsuit is the one thing you never really know you need - until now! Pick a style that's loose in fit with long sleeves and a tie front, which makes it easy to slip on and off over swimwear. Avoid anything too stretchy or fitted, you want the look to be cool and casual. Just pick up your beach bag and you're good to go.

**Jumpsuit:** £27.99, size 8-14 | **Hat:** £10.99, size 54-60 | **Sandals:** £15.99, size 36-42

**The ALL-OCCASION DRESS**

Buying one great dress for the summer is a wise investment, as it will become your go-to for any last-minute invitations or impulsive days out that may arise your way. Natural cottons and linens will help you cope with the heat and pretty prints will always score you style points. Play with accessories, shoes and belts to feel fun and relaxed, while a waist-cinching belt and strappy sandals will give a more polished look.

**The TIERED MIDI SKIRT**

Cool and casual, the winning combination of a crisp cotton blouse and flirty midi skirt is packing our bags for a day by the shore. However, the versatile nature of this style means it will look just as right with a neat jacket and heels if you're heading into town.

## The **KNITTED CO-ORD**

Big, comfy and you could not yourself a winning wardrobe investment. The matching jersey sweater and skirt combo is as flattering as it is stylish and we love the subtle stripes. Wear the pieces together for now, everyday style and hot with a denim jacket or lightweight blazer. Or, on warmer days, the silky sweater will look great with denim shorts, while the skirt just needs a denim good top and summer flats.

## The **PAPERBAG-WAIST TROUSERS**

These smart, stylish and generous trousers are an excellent choice to shake you out of a fashion rut. The pleated fabric around the waist is flattering and the fit around the middle stays a great job of curving you in. We love this green pair, which, when teamed with a pretty print blouse, gives a more feminine approach to the usually utility trend.

## The SHACKET

This shirt/jacket hybrid is a true wardrobe essential that you can have over and over, and, pretty much anything and everything, depending on the season. With temperatures finally creeping upwards, the relaxed staple will look effortlessly cool over lightweight, button-down or classic, more formal styles. Once you've introduced the shacket to your existing wardrobe, you'll discover how versatile it is.

## The CLOG SANDALS

Spotted on the catwalks for 15% of the runway, the humble clog has come full circle and is now a key buy for this season. Along with Birkenstocks and Balloons, clogs may not be the prettiest of shoes, but we love their practicality, style and sheer versatility. For the summer months, we suggest trying an open-toe version with a low wedge heel for easy everyday wear - these will go with absolutely everything, from full flowing dresses to utilitarian culottes and trousers!

**Creature comforts**

For the ultimate boost, a Cashmere hoodie proved a worthy investment and gave you a whole new reason to log your loungewear. An even more subtle piece was a pair of ribbed socks perfect when you head outdoors for a chic, cosy look you can relax for the long term.
