TRICK 2
DRY SHAMPOO

"I have fairly short, busy hair that still can't resist the pull of anything in its path." — **Michelle, 35, Hair**

"The easy way to transform short hair is to go for lots of curls, bights and waves (think 'hair party'), says Jamie. "But to give it a really shiny edge, by adding some dry shampoo, which absorbs excess oil, adds texture and helps hold your curls in."

HOW TO DO IT:

- 1 Prep damp hair with a volumizing cream, like **L'Oréal Professionnel Volumizing Cream**, £11.99. Avoid moisture if it can make fine hair sit or lie, says Jamie.
- 2 Blow-dry using a large round brush, lifting the hair vertically and shaking the air of the roots to give lots of volume.
- 3 Shake dry shampoo, such as **Armani Styling Dry Shampoo**, £10.50, into your palms and rub it into your roots. Use your hands to push and sculpt your hair into shape, lifting it higher.
- 4 Finishingly add some **Cherry Shampoo**, £5.99, to bring the light, finish by misting your style with hairspray. >

HAIR'S MAKEUP NOTE: Start by slicking hair back with a comb. Then, use L'Oréal's Color Matching Eye Primer in Indigo Pink, £9.99, for a pop and then sweep Shiseido's Shine Primer in Shiny Oil on other little bits from a powder brush with fingers.

TRICK 3
A HALF-UP HALF-DOWN DO

"My hair is really long and extremely soft, so I don't want to wear heavy styling or really curly hair." — **Lara, 28, London**

"The half-up, half-down style has simple steps. Start by pulling hair into ponytails at the ends of both sides. Then, the hair hangs down like most styles, but you're pulling at the hair."

HOW TO DO IT:

- 1 Prep damp hair with a heat-protecting cream that helps reduce frizz, such as **Revlon Smooth Heat Guard**, £11.99.
- 2 Blow-dry hair straight, using a round brush brush, directing the nozzle down the hair to reduce frizz.
- 3 Section off the top half of the hair by running your thumbs from the top of your ears to the center of the back of the head, creating a loose ponytail, and tie with a hairband. Take a small amount of hair from the elastic, wind it around the band to conceal it, and pin continuously with a pin.
- 4 Using large barrel tong, such as the **Paul & Joe MAMM Curl** (£19.99), add large sections of loose hair to create wavy sections.
- 5 Toss curls apart and mist with **L'Oréal Éclat Hair** (£9.99).

HAIR'S MAKEUP NOTE: To create this look, create a center part and use a comb and hair dryer to create waves on either side. Then, use the comb to create the look. Use L'Oréal's Color Matching Eye Primer, £9.99, for a pop and then sweep Shiseido's Shine Primer in Shiny Oil on other little bits from a powder brush with fingers.
