Zest for life

Step into spring with a bright attitude and the clothes to match. The only styling mistake most is make. Looking to up your wardrobe game? Add you in a striking colour for something genuinely unexpected. Beautiful bags aren't just an add-on - they're accessories in their own right, so use one to finish off your outfit. Take inspiration from Charlotte's A/S 21 show and your Quality Street purple and emerald tones - it shouldn't work, but it does.

Go for bold

If you're not thinking about it, you must take a look at H&M's latest collaboration with style icon Iris Apfel. A celebration of the beloved 100-year-old's tenacity over-the-top looks, these hand-picked pieces in a kaleidoscope of colours can be worn together or paired with simple staples. And your inner Iris - if you don't regret it - will love it.

Coat: £220.00. Jacket: £100.00. Trousers: £70.00. Shoes: £30.00. Accessories: £10.00. H&M, 100, 100.

Rethink pink

As we get older, it's important to invest in the best quality fabrics and flattering cuts we can afford, especially when wearing Crayola tints. It stops us looking childish and keeps us on the right side of sophisticated (which we all want). Think about how the shapes of your clothes work together. As a general rule, if one part of the outfit is oversized or billowing, then pair it with something tailored or fitted to achieve balance. Add cool-girl colour-pop footwear, and you have daywear with attitude.

Coat: £220.00. Blouse: £100.00. Trousers: £70.00. Shoes: £30.00. Accessories: £10.00. H&M, 100, 100.
