Fashion & Beauty Forecast

4 The New EyeLiner

There's a whole lot of eye-liner in the forecast, and it's not just the classic black or dark brown. This season, eye-liner is getting a little more colorful. Look for a mix of bright colors like green, purple, and blue. And don't forget about the classic black and white. They're still a great choice for a more subtle look.

Two-Texture Hair

It's all about texture. From a soft, wavy look to a more structured, straight style, there's a lot of variety in the forecast. And don't forget about the classic straight look. It's still a great choice for a more polished look.
