"Tom [Cruise] was in today, and when he saw I had a bruise the size of an apple, he said, 'Yeah Blunt! That's what an action movie's all about!' He thinks it's fun that I'm losing my indie credibility. I hurt like hell!"

Незабвенная

В фантастическом боевике «Обливион», что по-русски значит «забвение» (премьеры 11 апреля), Ольга Куриленко играет найденную – русскую девушку, которую герой Том Круза подбирает на опустевшей Земле после экологической катастрофы. И сама Ольга – удивительная актриса: любит комедию и обладает чувством трагического, читает стихи и называет себя гражданкой мира, кричит, как куревница, но если надо – не моргнув жмет на курок.

«Русская литература
в исполнении Ольги Куриленко
в парадоксе — это сочетание
классики. Даже не помню
именно Ольги Куриленко,
а только что она русская,
иногда слышу. Иногда
слышу только только
на том языке».
