 Wanting to inject a bit of nature into their urban lives, Parisians have fallen for the sweet charm of good flowers. Heading for the front row were Marion and Pauline Bouffard, who were looking to support a taste of the Chanel in Britain and Ireland when they decided to shop everything and open a boutique entirely devoted to London – Fresh collections of pressed flowers, made leaves and grasses, each as they are gathered here (from florists £25). It also hosts regular workshops where you can craft your own floral masterpiece (£25).
